25 PERSONS KILLED IN IRISH MASSACRES

Fourteen Military Officers Shot Down In Attacks

BLACK AND TAN SLAY

Irregular Police Invade Football Game With 15,000 Spectators—Fire in Dublin Says Report

Twenty-five persons are dead and nearly 70 wounded as the result of an outbreak of assassination and reprisal in Dublin yesterday.

Sinn Fein struck first. Fourteen British officers and secret service men were shot dead and at least 10 others wounded in a prearranged murder plot, when they were attacked in a concerted movement that extended to all parts of the city.

The auxiliary police later exacted terrible revenge. Breaking through the barrier at the Croke football grounds where 15,000 people were watching a match, the cadets of the Royal Irish Constabulary opened fire on the crowd, killed 11 and wounded more than 50.

Shooting was renewed at midnight and many persons are reported killed. Fire also is said to have broken out in various parts of the city.

The Dublin outbreak resulted in the greatest number of casualties in a single day since the 1916 rebellion.

Dublin, Nov. 22.—Following the widespread assassinations this morning, the police struck this afternoon, when 16 lorries filled with Black and Tans surrounded Croke Park, where a football game was in progress between the Tipperary and Dublin teams.

Accounts differ as to what happened when, after mounting machine guns on heights above, the police broke through the gates. The auxiliaries were hooted, according eye-witnesses, first fired in the air and then into the crowd. It is declared from another source that Sinn Fein pickets first fired on the Government forces when they were seen approaching and that the fire was returned.

Within the park the great assembly of 15,000 became panic-stricken. How many were killed is not known as yet, but the estimates range from 10 to 30 or more. Several are reported to have been trampled to death.

An official vers oitfonfb ETAO

An official version of the affair says that the auxiliary police visited Croke Park for the purpose of searching the crowd, as it was known that many gunmen connected with the murders earlier in the day were present.

About 3,000 persons were searched and many revolvers were found.

An eyewitness describing the scene said that while the football match was in progress parties of Black and Tans armed with rifles came on the field. They were hooted by the crowd and almost immediately they fired into the masses of people. This witness says he counted more than 30 who fell.

In addition to the casualties due to the firing a man and woman were killed in the crush owing to the crowd stampeding.

Shooting began again in the streets just before midnight and a number of people are reported killed. There is much military activity.

London, Nov. 22.—Fire broke out in Dublin this evening in various places, says the Dublin correspondent of the Daily Mail. Twelve nurses were among those arrested yesterday.

The mail says that arrangements are under way to send large reinforcements of troops to Ireland that the opinion is held in official quarters that the danger of assassination is spreading to England.

Fourth Degree Dance

K. C., Affair to be Held in Dreadnaughts' Hall Thanksgiving

Owing to a large attendance expected, and the fact that the bazaar now being held in Lyceum Hall will hardly permit of changing the floor space in time for the affair on next Thursday evening, arrangements were made to hold the ball in the Dreadnaughts' Hall, King and Washington street, instead. This hall is considered one of the best in the city, and coupled with the famous orchestra that the Knights are bringing to the city on that evening promises a splendid evening to all who attend.

All fourth degree affairs are strictly formal, and as this will be the first formal ball held for sometime in Alexandria, it is predicted it will be the starting of many such affairs.

Admission is by invitation to the members of the K. of C., their families and friends.

The famous Hughes A. E. F. Orchestra, second to none, will furnished the music, and refreshments will be served by the members of the Assembly.

Exhibition Flight

Crowd Estimated at 8,000 Witness Keen Kutter Byplane Demonstration

Fully five thousand men, women and children visited Baggett's Field Saturday afternoon and witnessed several demonstration flights by Lieut. A. M. Alcorn, formerly with the Royal Flying Corps, of the British army, and with bated breath waited for the big Curtis bi-plane to come to earth with is passengers.

Lieut. Alcorn is flying the plane belonging to the Simmons Hardware Company of St. Louis, Mo., and the name "Keen Kutter" is painted on the bottom of the wings. He was delayed in arriving in this city Saturday afternoon and was forced to limit the number of flights to four, owing to the fact that he had been unable to get the right kind of gasoline in Washington and he had to conserve his supply in order to make the long flight to Norfolk, where he is appearing today.

Lieut. Alcorn carried four passengers on trial trips during the afternoon. They were Chas. R. Morrison, of the Alexandria Gazette, R. E. Knight, Jr., and Mr. and Mrs. L. Regali, of North Rosemont. Mr. Regali is the Simmons Hardware Company representative in this section of the country.

The exhibition was arranged by R. E. Knight and Son, local Keen Kutter agents and hundreds of people were entertained during the time the flying machine was in operation here. Another trip may be arranged for this city in the near future and it is estimated that the number of spectators will be much greater than were in attendance Saturday afternoon.

THANKSGIVING APPEAL IS MADE

For Kiddies at Ivakota Farm and Anne Lee Home

LETTER SENT OUT

All Asked to Contribute to This Worthy Cause—Dr. K. W. Barrett And Mrs. L. E. Uhler Sign.

Last year an appeal was made by permission of the school board to the children by Dr. Kate Waller Barrett, president of the Children's Home at Clifton, Fairfax County, where there are 12 children from Alexandria, and Mrs. Lecurgus E. Uhler, president of the Anne Lee Memorial Home of the Aged, for their Thanksgiving offering to be devided between the two homes, and through the kindness and courtesy of Mr. Fletcher Kemp the appeal was made in the schools in Arlington county. The contributions from all were most generous and as both homes are supported by voluntary contributions, it meant much to them. This year Dr. Barrett sailed for South America in October, but left the following letter. By permission of the school board, this letter will be read to all children by the teachers, who say it is giving the children a practical demonstration of unselfishness and care for others, which they have been teaching all the year.

My Dear Young Friend:

The Thanksgiving season is drawing near, recalling to me the generous manner in which you have looked after your particular charges at this time. I refer to the little children at Ivakota Farms and the Grandmothers at Anne Lee Memorial Home for the Aged, and this year at the Home they are giving shelter and comfort to 7 old ladies and to a Grandfather too.

I am just about to set sail for a long journey to South America, and so must leave the responsibility for providing the Thanksgiving treat entirely in your hands and feel confident that you will be as generous as of old. Doubtless, if some of you younger children ask your parents, they will recall in their school days having carried contributions for the Thanksgiving shower, these showers having

IN MEMORIAM

In loving memory of our dear mother, MARY ELLA ELROY, who died six months ago today, May 22, 1920.

Today recalls sad memories,
Of a loved one gone to rest,
And those who think of her today,
Are those who loved her best.
Long days and nights she bore in pain,
To wait for cure, but all in vain,
For God, alone knew what was best
And took our dear mother home to give her rest.

Never to be forgotten,
By her son and daughter,

IN MEMORIAM

ROBEY—In sad but remembrance of my daughter, NETTIE V. ROBEY, who departed this life nine years ago today, November 22, 1911.

Darling sister how we miss you,
Miss your gentle smiling face,
And our home seems sad and dreary
When we see your vacant place.
Come to me my angel sister,
Wrap your wings around me tight,
Dearest sister ask God to comfort
Your broken hearted sisters tonight.
All is dark within our dwelling,
Lonely are our hearts today,
For the one we love so dearly,
Has forever passed away.

By her mother, sisters and

Old Time Religion

Wm. Knowles Cooper Addresses Y. M. C. A., Mass Meeting

"What the world needs is consecrated devotion to first principals—or old time religion," said William Knowles Cooper, of Washington, at the Y. M. C. A., men's meeting at the Richmond Theatre yesterday afternoon.

Mr. Cooper's address was perhaps the best received of any of the popular talks that have been given in the series of meetings being conducted for men only by the Y. M. C. A. The speaekr began by quoting from an editorial by the husband of Lillian Russell which won world wide fame by its frank discussion of the world as a result of its neglect of things religious. N. S. Greenaway presided and introduced the speaker.

Mr. Cooper has won his way to the top of the ladder in association work by his far seeing vision of the actual needs of men and he has steadfastly refused to be swerved from that position. He spoke at Trinity Methodist Church last night and many of the men went to hear him a second time.

It was announced that the speaker next Sunday would be Hon. Henry B. F. MacFarland, ex-commissioner of the District of Columbia, and the Y. M. C. A., is making an effort to get the largest crowd of men to hear him that has yet attended any of the meetings.

Rededicate Window

The Sum of $1500 Raised at Services at Trinity Church

Large crowds attended both services at Trinity M. E. Church yesterday, the occasion being the rededication of the beautiful front window. The ladies of the church had earlier decorated the interior of the edifice with potted plants and flags for the occasion.

Dr. Frank W. Collier of the American University, preached a powerful sermon which was greatly enjoyed by the large congregation in attendance, the congregation being larger than seen in this church in many years.

At the evening service an interesting address was delivered by William Knowles Cooper of the Y. M. C. A., Washington.

More than $1,500 was raised by the congregation at yesterday's services for the improvement fund. The pastor, Rev. Dr. D. H. Martin, expressed himself as very much encouraged over the response on the part of those attending the services.

G. O. P. LEADERS FACE SPLIT ON PEACE

Irreconcilables Convinces That Harding Favors Reservations

BORAH PREPARING

Idaho Senator Compiling Data From President—Elects Speeches Point to Pledges

Washington, Nov. 22.—That there will be a split in the leadership of the Republican party over peace issues, even before Senator Harding is inaugurated, now seems absolutely inevitable. The air of Washington is filled with stories of discord and distrust and of threatened revolt.

Republican irreconcilables, it is declared upon the highest authority, now are convinced that Mr. Harding is about to throw them overboard in favor of a league of nations, if not the Wilson League, and they are arming themselves for a furious attack up on the President-elect the moment he shows the first sign of surrender to the Roots, the Tafts and the Hoovers within the party.

They will charge, it is said, that during the campaign Senator Harding gave a direct, an unequivocal pledge to the American people that he stood for rejection of the Treaty of Versailles, not its modification; that he was opposed to any league of nations that might be an alliance with Europe, and that he directly promised a quick and separate peace with Germany.

If, in view of these pledges, as understood by the irreconcilables, Mr. Harding now accepts the Taft-Root view of the international situation; if

PREVENTING WAR

The decision made at Geneva to send a marmed forces to Vilna to secure a free and honest plebiscite to determine whether the city shall be Polish or Lithuanian convinces The New York Tribune that the Republican charges that membership in the League might easily involve us in war were well founded. We have no objections to the statement of facts made by The Tribune, but its inferences bear no sort of relation to its facts.

"The armed force," says The Tribune, "is to be composed of contingents furnished by Great Britain, France, Belgium and Spain. What would our Government do were it an unreserved member of the League when a similar case to that of Vilna arose? Would our executive department assume the power to join in the policing expedition, or would it say that Congress must first be consulted?" And then, in bland unconsciousness that it is destroying its own argument, The Tribune cites two cases—and it should have cited two more—in which the President acted first and consulted afterward. The Tribune says: "This was the course pursued when our troops helped make up the international expedition to Peking. It was the course pursued when President Wilson landed forces at Vera Cruz." Two cases not mentioned by The Tribune are the dispatch of marines by President Cleveland to keep the Panama Railroad open, in compliance with our treaty with Colombia, and the dispatch of troops to the isthmus by President Roosevelt to prevent Colombia from suppressing a petty insurrection, which was a violation of our treaty with Colombia.

Here, then, are four instances in which without any league a President has used troops abroad without consulting Congress. If both Republican and Democratic Presidents may do that now, why should there be any objection to their doing a similar thing in association with the other members of the League for the purpose of preventing war?

For it is not to participate in war, but to prevent war, that the League will send a force to Vilna to see that the people have a fair chance to declare whether they will join Poland or Lithuania. If left to the two countries concerned there would probably be war, and when a war starts no man can tell where it will stop. A military demonstration by Austria in Servia caused the world war, in which even the United States became involved. Is it better to prevent war, or to let the war come? There is no reason to apprehend that Poland and Lithuania will offer resistance to a League of Nations force. But if they should, it would be better for us to join England, France, Belgium and Spain in suppressing that resistance than to wait till Europe was involved in another war.

Without consulting Congress, President McKinley sent American troops to co-operate with the troops of other countries in China, and our troops were even put under the command of a foreign general, and the Boxers resisted and were suppressed. All that could possibly happen at Vilna actually happened at Tienstin and Peking, and American troops fought on foreign soil at the command of the President and without the authority of Congress.

If we were an unreserved member of the League we should participate with other nations, not in conducting a war, but in preventing a war, and the authority of the President would not go beyond that actually exercised by Presidents Cleveland, Roosevelt and Wilson. Why all this outcry over the League of Nations, now that the campaign is over?

SPORTS

In a snappy, wrestling match, of skill and speed, Mr. W. Byrd, defeated Mr. T. Bowles, two out of three falls, as a main event at a smoker of the Gibraltar A. C., of this city, located at 603 King stret, Friday night.

Mr. Bowles secured the first fall in 16 1-2 minutes and secured the next two, in 8 1-4 and 8½ minutes respectively, and immediately Mr. Bowles challenge Mr. Byrd for a return match, Wednesday, December 1, at 8:30 p. m., when the public is cordially invited.

The Dreadnaught A. C. Camp Humphreys football game played yesterday before one of the largest crowds in football history in Alexandria, was just what the Dreadnaughts predicted it would be, "a well played and hard fought game."

The Dreadnaughts were winners—score 7 to 0, after playing one of their best games this season.

On the opening kick-off the officers received and advanced the ball to mid-field, from where a fumble was recovered by the Dreadnaughts but they advanced only a short distance. Both teams showed the wonderful fighting spirit during the entire first half. They battled each other to a standstill even after the coming of Vidal, Army's great halfback, to the soldiers' assistance in the second quarter. Although on the losing end this great athelete covered himself with glory showing some of the best broken-field running seen this season by an opposing player. Billy Crouch came within inches of kicking a field goal in the second quarter when he dropped back to the 30 yard line and missed from a difficult angle. After a good talk over the situation between halves, the Big D lads came back with a fight.

A brilliant running back of the kick off by Johnny Wenzel and four line plunges by Hasson, West and Hayden placed the ball on the five-yard line from where Hasson rushed it over for the only score, Haynes kicking goal.

The public seemed to enjoy the game.

The Dreadnaughts go to Richmond on Saturday an dhope to be accompanied by a big crowd of fans.

The summer demand for Goodyear Tires in the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes is greater this season than during even the big shortage periods of the last three years.

Although we have in operation the world's largest tire factory devoted to these sizes, at this time it is impossible for us to assure a sufficient supply to meet the tremendous call.

Dealers' stocks are disappearing quickly, although constantly replenished; so *now* is the time to make sure of Goodyears for your Ford, Chevrolet, Maxwell, Dort or other car taking these sizes.

Visit your Goodyear Service Station Dealer without delay and get Goodyear Tires and Goodyear Heavy Tourist Tubes in order to enjoy true Goodyear mileage and economy this season.

Enjoyable Party

One of the best parties held by the Young People's Societies under the auspices of the Y. M. C. A., was the one given at the Westminster Building Saturday night.

The Baptist Young People's Union of the First Baptist Church was in charge, and the president and committeemen were on the job every moment to keep things going.

One innovation of the social was the supervision of the younger children by Miss Hilda Schneider. Games and plays suitable to their age were indulged in, in a separate room, thus giving the main floor space for the young people.

Especial credit is due the president Mr. Brown, and Mr. Gaines one of his committeemen for their efficient conduct of the social hour.

Refreshments were served during the afternoon and a splendid dinner from 5.30 to 7.30, which was well attended and much appreciated.

The social the coming Saturday night will be in charge of the Second Baptist young people and they are preparing an especially attractive program.

been inaugurated about twenty years ago. The little children for whom those contributions were meant are now out in the world, and could I but tell you of the splendid records made by many of those children, since they have become men and women, you would be proud to think that you and yours had a hand in such a splendid cause.

When I return from South America I shall hope to have an opportunity to tell you of the many interesting things I shall have seen and heard in that strange land. In the meantim I shall pray our Heavenly Father to bless you and to reward you for your generosity and thoughtfulness to his less fortunate ones.

Faithfully yours, I. H. N.

Prayer of Child Opens Shortest Will on Record

New York, Nov. 22.—"If I should die before I wake."

Thus begins the will, the shortest on record at the office of Surrogate Slater in West Chester County, of Margaret Gordon, of Harrison on the Sound. The will, 48 words long and written on a little piece of note paper, then directs what should be done in that event:

"I give all I possess to my sister, Jane, to do as she thinks best. Jewels in the Hudson Trust safe deposit, money in the Union Dime Savings, and stocks, California Standard Oil. Margaret McCann has them in her safe deposit."

SHIPYARD MAN GAINS 16 POUNDS

Murphy Feared a Breakdown But Says Health Was Restored by Taking Tanlac

"Tanlac has done more for me than I thought any medicine could possibly do, for it has built me up sixteen pounds in weight and put me in fine shape again," said Tim Murphy, who is employed at Daniel's shipyards, and living at Seminole Heights, Tampa, Fla.

"For more than two years before I took Tanlac I was troubled with indigestion. If I ate anything except the very lightest of food I would have a heavy, depressed feeling in my stomach, my heart would palpitate terribly and I would have awful attacks of shortness of breath. My nerves were in such bad shape that the least little excitement would upset me and I thought I was going to have a complete breakdown.

"I started taking Tanlac on the advice of a friend, and the way the medicine fixed me up was nothing less than marvelous. I have taken five bottles now, have a splendid appetite and my stomach seems to be in perfect condition, for it never troubles me a bit. I'm no longer worried with palpitation or shortness of breath and my nerves are as steady as steel. Why, I'm simply feeling fine, and don't hesitate to give Tanlac credit for what it's done for me."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

RICHMOND THEATRE

Mystery subtle, and yet poignant in its denouement.

That's "The Forbidden Thing." Cross currents of human passion ever playing at cross purposes. The spiritual arrayed against the physical in the race for love. The wiles of a physical woman fighting for the soul of man—and on the other hand the sweet, refining influence of another woman battling for the same possession.

Who will win?

"The Forbidden Thing" is a story that ripples with amusement at times, and at other times bubbles with human emotions. Also, in it tragedy stalks rampant—and then comes love and happiness and contentment. Somewhere, somehow, its characters are confronted with "the forbidden thing," and somewhere, somehow, the menace is met and defeated.

SOME PEOPLE HAVE A HARD TIME OF IT

Trying to Get Along With Low Vitality and Weak Blood

NOT FAIR TO THEMSELVES

Pepto-Mangan Builds Rich Red Blood and Restores Strength

If you want to succeed in your work—to get to the top, look first to your health. Be physically fit. Keep your blood in good condition.

If your blood is bad, you lose enthusiasm. Little things bother you. Instead of concentrating on your work you drowse. You try to pull yourself together. It takes all your energy to do just average work.

Perhaps your blood has become clogged with poisons. You are just beginning to feel it. You need the good blood tonic. Pepto-Mangan. It contains ingredients that feed your blood and purify it. You get more red corpuscles. Then your energy comes back and you eat better, feel better and look better. It shows in your daily work. You get things done without exhausting yourself. You get back to normal—the way you should be.

There is but one genuine Pepto-Mangan and that is "Gude's". It is put up in both liquid and tablet form. Each has the same medicinal value. Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not here, it is no Pepto-Mangan.—Adv.

THOUSAND ARRESTS IN CHICAGO RAIDS

Chicago, Nov. 22.—Nearly a thousand persons were under arrest last night as a result of the biggest round up of criminals in Chicago in many years.

The drive was started at midnight last night by Charles Fitzmorris, new chief of police, as the second step in his announced campaign to rid Chicago of criminals, and followed a recent wholesale shake up of the police force, in which nearly every member was transferred into a new position.

Dozens of squads of detectives and policemen spread over the city early yesterday, and all day long patrol wagons rolled up to police stations with loads of alleged criminals.

Nearly every saloon was visited by the officers and scores of poolrooms and alleged disorderly flats were raided.

One thousand plain clothes men and 1,500 uniformed officers conducted the raids, which were under the personal direction of Chief Fitzmorris.

Scores of gambling houses were raided and Chief of Detectives Hughes said more than $1,000,000 was being wagered in the places visited. One person taken was "Nick the Greek" Dandos. He had nearly $350,000 inside his shirt, police said. Dandos is known as the most reckless gambler in Chicago, the police declared. He was mentioned in connection with the 1919 world series baseball scandal, it being reported he borrowed $4,000 from a New York gambler and won nearly $100,000.

JUSTICE JOHN DEAD

Judge Crutchfield, Famed for Knowledge of Man, Dies at Richmond

Richmond, Va., Nov. 22.—Justice John Cutter Crutchfield, celebrated Police Court Justice, who has presided in the local police court for the past 32 years, died here Sunday afternoon at 1 o'clock, following an illness of about two weeks.

Justice Crutchfield was 76 years old, a prominent Mason and a veteran of the war between the States. For the past two years he has been suffering with asthma.

"Justice John," as he was known throughout the State and nation, was born in Richmond, September 20, 1844, educated in the Richmond public schools, and was one of the most prominenet residents of Richmond.

During the past 32 years of service as police justice he enojyed a wide circle of friends. He was widely known for possessing a remarkable knowledge of human nature, and having an abundance of ready wit. He was immensely popular with all who visited the court, voluntarily and involuntarily.

"Justice John's" court was reproduced in vaudeville, and countless magazine articles have been written magazine articles have been written of his work. In Richmond it has long been the belief that a tourist's visit to the city was incomplete without a visit to Crutchfield's court.

The funeral will be held tomorrow from the First Baptist Church of Richmond, and burial will be at Hollywood cemetery.

CRANK SAYS COUGHLIN BABY STILL ALIVE

Norristown, Pa., Nov. 22.—Following his sentence yesterday to life imprisonment for kidnaping baby Blakely Coughlin from a summer home crib near here, August Pasquale, the crank, yesterday declared the baby lives.

Pasquale said today that his confession that he killed the baby was false and that the child still lives. He promised to tell all about it—again—following the return of $12,000 ransom money, on deposit in banks, to the baby's father and the transfer of the title of a farm and jewelry bought with some of the money to Coughlin.

Sheriff Hamilton declared he believed the latest statement of the crank, and that he would follow every clue the prisoner offered.

G. O. P. LEADERS FACE SPLIT ON PEACE

(Continued from Page One.)

he shows a willingness go through with the present League of Nations with reservations or to go into any league of nations, the Borah-Johnson crowd will spring at him as savagely, their friends assert, as they would at at a Democratic President.

It is asserted here with emphasis that both Senators Borah and Johnson are as unalterably opposed now as at any time to any international program which places this country in an alliance with Europe and that they will fight even an "association" of powers which in any sense obligates the United States to participate in the politics of the nations of another continent.

It was stated today, in this connection, that the irreconcilables are already assembling material for the struggle many of them foresee. Senator Borah, it is added, is in Washington, going over very carefully all the campaign speeches made by Senator Harding dealing with foreign policies and is preparing himself for a battle with the "compromisers" within his party.

Mr. Borah is not expected to wait for the other side to raise the issue. Some of his friends are convinced that he will anticipate the pro-League moves of the Republican conservatives by issuing a statement in the near future giving full warning to his party what may be expected from him and his associates if any effort is made to ratify the existing Treay or to negotiate a new one of a similar character.

Senator Borah has reached the conclusion that the Treaty of Versailles must be discarded in its entirety, in so far as America is concerned. He believes that Europe itself should proceed to rewrite it if that continent is to be saved from economic collapse and the world from the possibility of a war more devastating than that which Germany precipitated.

He makes the point that fully 900,000,000 subject peoples are in revolt against the terms of the treaty even now while only about 300,000,000 of those interested in it are in favor of carrying out those terms. It is said that he will go into this phase of the matter in his forthcoming statement to the public in which he will demand the absolute repudiation of the treaty as a whole, along with the repudiation of the existing League of Nations.

IN MEMORIAM

ROBEY—In sad but loving remembrance of my daughter, NETTIE V. ROBEY, who departed this life nine years ago today, November 22, 1911.

We may have our sorrows,
Some griefs quickly die away,
But the loss of my dear sister,
Grieves my heart from day to day.
God called her, it was His will,
But in our hearts, we love her still,
Her memory is as fresh today,
As the hour she passed away.
Sweet and peaceful be her rest,
Forget her, we can never,
God called her, He knew best,
His will be done, forever.

By her sister, Mollie.

In the graveyard safely sleeping,
Where the flowers gently wave,
Lies the one we love so dearly,
In her silent lonely grave.

By her niece, Dorothy Pilkerton. 279-1p.

DELEGATES RETURN FROM Y. M. C. A. CONFERENCE

Kirk Earle Wallace, general secretary of the Y. M. C. A., J. H. Avril, representing the mechanical department of the Potomac Yards, J. J. Cochran, representing the clerical force of the same yard, and Wm. H. P. Kelley, representing the mechanical department of the Southern yards, returned last night from the Fifteenth International Conference of the Transportation Department of the Y. M. C. A., held in Richmond last week.

A thousand delegates were in attendance from all parts of the world and the conference declared to be the most remarkable ever held by the Transportation Department. The sessions were held at the Jefferson Hotel and many of the difficulties of the reconstruction period were thoroughly discussed.

"One feature of the conference," said Mr. Wallace this morning, "was the large number of railroad men taking part in the program. Aside from a few addresses of a prepared nature, nearly every talk was by a bona fide rail road worker and they were most inspirational."

While in Richmond the R. F. and P. delegates were given a very cordial audience by the Mr. Norman Call, vice president of the road, and quite a great deal of enthusiasm is being displayed by the delegates regarding the future of the Y. M. C. A. at the Potomac yards. An immediate organization is to be affected and the delegates will make a report of the conference to their fellow workman, who sent them to the convention.

BIG CROWD AT OPENING

Store of R. E. Knight and Son Mecca For Visit to Inspect Christmas Stock

Santa Claus arrived at the R. E. Knight and Son store shortly after 3 o'clock last Saturday afternoon, having accompanied Lieut. Alcorn from the national capital in his aeroplane, and was at home to the kiddies and also the grownups at the store Saturday evening.

The store was jammed to the roof with a crowd of shoppers and sight seers Saturday evening and the opening of Toyland was voted one of the biggest ever held by the store. Santa Claus is to be at the store again tomorrow afternoon, between the hours of 3 and 5 o'clock and all are cordially invited to visit there at that time.

SANTA CLAUS AT BENDHEIM'S

Great Crowd at Opening of Toyland at This Store

Fully four thousand little tots and parents visited the opening of Toyland at the Bendheim store, Saturday night and each visitor was given a personal welcome by Santa Claus in the flesh and was handed a box of candy as a souvenir of the occasion.

And the crowd in attendance was not entirely a sight seeing crowd. Hundreds of Christmas toys and gifts were purchased—some of them being laid away until called for, while others carried their purchases with them. Santa Claus will probably re-visit the store some time in the near future and every boy and girl is asked to watch for the announcement.

Score Hurt

Passenger Train Sidewipes Derailed Coal Car

Manassas, Va., Nov. 22.—A score or more of passengers were injured when Southern Railway passenger train No. 30, a through train from Birmingham, Ala., to Washington, D. C., sideswiped a derailed steel coal car one mile south of here about noon Saturday.

The passenger train, running at about 40 miles per hour, topped a sharp grade and was within a short distance of the wreck before Engineer Hockman was aware of the danger ahead. He applied the emergency brakes, however, but he struck the gondola with such force as to smash the cylinder head of the locomotive and rinned the train to the rear coach. Every car window on the side truck by the coal car was smashed and the passengers showered with flying glass, many of them being injured, but none seriously.

The train was pulled into Manassas by the crippled engine, with but one cylinder working, and local physicians called to attend the injured. After an hour's delay, the train was pulled to the Alexandria division point, north, by a yard engine in the local yards. No other traffic was delayed because of the wreck.

Body of Kidnapped Priest is Found With Bullet in Head

Galway, Ireland, Nov. 22.—The body of Father Griffin, the priest who disappeared several days ago, was found yesterday in a shallow grave about four miles from Galway. There was a bullet wound in his temple.

Cottagers in this bleak and sparsely inhabited part of the countryside tell of the mysterious arrival at midnight last Sunday following the kidnaping of Father Griffin, of a lorry load of men.
